Our guiding principles

WHY

Attracting talent from all over the world to create a better future and help the region and employers reach their vision.

HOW

- Building knowledge and providing thought leadership within talent attraction and retention
- Identifying and addressing the needs/challenges of talent and employers
- Collaborating with relevant stakeholders to develop solutions
- Showcasing how talent can build their desired life in our region

WHAT

- We influence policy to improve the conditions for international talent and recruiting employers
- We support employers and organisations to attract and retain international talent
- We design and communicate the total package of an attractive region, leading clusters and exciting job opportunities
- We provide tools, services and activities that support talent in their settlement process
