

Sweden takes the lead for world's best air

- As sponsor take the lead with us!

Healthy Air Together. That is the theme of the world's most important conference in ventilation and indoor climate. 22-25 April 2024, researchers and industry meet at the Stockholm International Fairs (Stockholmsmässan) for Scanvac's RoomVent 2024.

At RoomVent 2024, researchers together with trade and industry will have the opportunity to discuss current research articles from around the world. Five focus areas are on the agenda for the conference; indoor climate, ventilation and energy performance, modelling and measurement performance, commissioning and inspection as well as industrial ventilation.

We've already teamed up with some of the industry's strongest brands as sponsors, but there still's room for more! Participation in RoomVent 2024 as a sponsor will allow access to a group of increasingly influential specialists. This will provide sponsors opportunities to showcase their products and services, meet potential clients and promote their stature within the ventilation community.

Please consider joining us in Stockholm Sweden at RoomVent 2024 – and bring "Healthy air together", where is expected to be around 300 international experts in the event alone. Besides that the event will be held in close connection with Nordbygg, the Nordic region's largest meeting place for the building and construction industry and gathers visitors from the building sector in Sweden, but also from the rest of Scandinavia, The Baltic states and Europe.

Make your choice of a range of sponsorship arrangements here below, designed to meet every scale, and of your interest of participation that suit your profile best.

Welcome as sponsor!

Sincerely,

Jaana Petherbielke President
of Roomvent 2024 CEO,
Scanvac (EMTF)

Britta Permats
Co-president of RoomVent
CEO Svensk ventilation
