Who is Eureka for?

- Start-ups and SMEs
- Research organisations
- Large companies
- Universities

Eureka funding programme

- Eurostars
- Clusters
- Globalstars
- Network Projects
- Innowide
- Investments readiness
- Fast Track to the EIC Accelerator

Sweden funds

Clusters (3 funded)

Industry-driven programmes with thematic communities of experts, large companies, SMEs, universities and research organisations. Collaborate on R&D projects of any size.

[Discover Clusters](#)

Eurostars (funded)

Innovative SMEs lead international project consortia and receive national and EU funding to realise their innovation.

[Discover Eurostars](#)

Fast Track to the EIC Accelerator (funded)

Skip step one (of three) in the EIC Accelerator application process and benefit from receiving expert feedback on their project idea and a live pitch practice.

[Discover Fast Track to the EIC Accelerator](#)

Globalstars (funded)

Calls for R&D projects with partners in a specific country outside the Eureka network.

[Discover Globalstars](#)

Innowide (funded)

Innovative SMEs receive a grant of 60,000 euro to assess the viability of research or commercial ambitions in international target markets.

[Discover Innowide](#)

Investment readiness (funded)

Connecting startups and SMEs with corporate venturing teams and investors. Participate in international missions and corporate activities.

Sweden offers

01

Partner search

[Vinnova](#) can help you to find project partners by contacting other national funding bodies in Eureka's network (consisting of over 45 member countries). For more information on how to find project partners, contact Vinnova or consult the [Enterprise Europe Network's \(EEN\)](#) online database. Vinnova also recommends contacting [the EU SME support office](#) for advice and support with your application.

02

Advice services and support tools

Vinnova offers advice and support from concept to commercialisation for organisations collaborating on international R&D projects. Vinnova has a designated free advisory programme ([EU SME support](#)) that offers expert support in project proposal writing for Swedish SMEs wishing to apply to Eureka's funding programmes.

Open calls - Eureka

Deadline 15 October 2024

Innowide call for market feasibility projects

Are you an innovative SME wanting to carry out a market feasibility study in a country in the Americas, Africa, India or Oceania? We have funding for you!

3 calls for proposals at www.vinnova.se

Planning grant

What can you apply for?

- Development of a proposal to an international call for proposals. Activities that strengthen the proposal or the composition of the team can be funded.

Who can apply?

- Academic actors, research institutes, public sector, civil society or small and medium-sized enterprises (SMEs), in Sweden, who plan to apply in an international call for proposals

How much can you apply for?

- Up to SEK 300,000 for project parties. Actors planning to coordinate an international project (main application) with at least 3 actors from 3 different countries can apply for up to SEK 500,000.

International staff exchange in emerging technologies 2024

Who can apply?

- Swedish companies, regions, municipalities, universities and research organizations. The investment is thematically limited to the areas of AI, immersive technology, quantum technology, synthetic biology and 6G

What can you apply for?

- We finance direct costs for individual mobility between Swedish actors and the countries pointed out in the call text. The purpose of the call for proposals is to increase the individual's competence and initiate lasting collaborations.

How much can you apply for?

- We grant funding up to 100% aid intensity and a maximum of SEK 400,000 per project.

A man in a light-colored suit is seen from the side, gesturing with his right hand while addressing a large, seated audience in a modern lecture hall with a curved, reddish-brown wall.

Travel grants

Who can apply?

- Swedish SMEs who want to attend and participate in prioritized events that are in line with our strategic international work, like Sweden Canada Innovation Days.

How much can you apply for?

- Max 15 000 SEK (Europe) and 25 000 SEK (outside of Europe).

Thank you!
